Own the World's Most Popular Silver Bullion Coin, Now More Stunning!

The American Silver Eagle has long been one of the most collected coins in the world. Recently, collectors went wild over the introduction of visually stunning Silver Eagles gilded in Black Ruthenium, a rare precious metal with characteristics similar to platinum, and 24-karat Gold. They demanded more and we delivered. Now you can secure these 2022 U.S. Silver Eagles clad in your preferred combinations of 24k Gold, Black Ruthenium, and even beautiful Rose Gold. Each coin is still official U.S. legal tender, struck in one ounce of .999 fine silver. But these coins boast remarkable eye appeal that makes them stand out in a big way.

First Full Year for the "Eagle Landing" Reverse Design!

First struck in 1986, the Silver Eagle has been the official silver bullion coin of the U.S. for over three decades. It also has an enduring legacy as one of the most collected silver coins in the world. Midway through 2021, the coin received a new reverse design to honor the Silver Eagle's 35th Anniversary—the new "Eagle Landing" reverse design created by artist Emily Damstra. The 2022 Silver Eagles here are from the first full year with that new design.

99.9% U.S. Fine Silver Coins—GUARANTEED!

The beautiful, unique gilded appearance of these coins makes them a valued addition to your collection that is sure to impress. Each is Brilliant Uncirculated, struck in 99.9% Fine Silver—clad in 24-karat Gold, 24-karat Gold with a Silver Liberty or a Silver Field, or in Black Ruthenium with a 24-karat Gold or Rose Gold Liberty. Choose your favorites and take advantage of these special prices while you can.

MOM IS
FAMOUS,
TOO!

LILY-ROSE: MY PARENTS JUST HAPPEN TO BE A-LISTERS!

Her dad is movie star Johnny Depp, and her mom is Chanel model and pop singer Vanessa Paradis (who introduced her to Karl Lagerfeld when she was 8), but Lily-Rose Depp, 23, doesn't seem to see how those connections led to her landing film roles and being chosen to star in Chanel ad campaigns. "If somebody's mom or dad is a doctor, and then the kid becomes a doctor, you're not going to be like, 'Well, you're only a doctor because your parent is a doctor,'" she argues. "It's like, 'No, I went to medical school and trained.' It's weird to reduce somebody to the idea that they're only there because it's a generational thing."

RYAN VS. ANDY:

The Feud Explodes

So much for starting the year off with a clean slate! On the Jan. 3 episode of *Live With Ryan and Kelly*, Ryan Seacrest revealed that despite being 10 feet away from Andy Cohen during the recent Times Square festivities, the Bravo host ignored him. (Andy famously branded Ryan a "loser" last New Year's Eve as they went head-to-head.) Andy's CNN co-host, Anderson Cooper, "turned around and said, 'Have a good show.' Class. Andy did not turn around," griped Ryan. And while Andy, 54, later insisted he didn't see Ryan, 48, we're just counting down the moments to their next petty skirmish.

KHLOÉ IS A TAYLOR CLONE!

Look what bangs made her do! Khloé Kardashian's latest transformation has fans confusing her with another star known for her fringe. "I thought this was Taylor Swift!" several fans commented on Khloé's likeness to the singer, 33, in pictures she posted on Jan. 2. "They totally airbrushed you out of this photo, Khloé," added one, while another asked, "Is this the 12th version of Khloé? I lost count." The reality star's response? The bangs "changed the shape of my face," Khloé insisted, before slamming those who called her out for looking unrecognizable. "[They're] sad."

Angelina Jolie got tongues wagging in early January when a photo surfaced on Instagram of her chatting with *Aftersun* hunk Paul Mescal in London. The pair, along with Angelina's daughter Shiloh, 16, were sitting in the cafe at the Almeida Theatre following Paul's performance in *A Streetcar Named Desire*. "Angie definitely didn't break up another relationship," a source tells *In Touch*. "She just was blown away by Paul's performance [as Stanley] and wanted to meet him after the play. She knew Shiloh would get a kick out of it, too. That said, he is very easy on the eyes, so you never know...."

JESSICA'S WASTING AWAY!

She must be swimming in her Daisy Dukes these days. New photos of Jessica Simpson show the fashion mogul seemingly looking skinnier than ever, and friends, family and fans are “extremely worried about her,” a source tells *In Touch*. In one photo, notes a fan, “Jessica appears to weigh less than her 10-year-old daughter, Maxwell.” In another, the star is seen wearing her 8th grade (!) cheerleader letter jacket. “At 42, with three children, what woman fits into clothes she wore as a child?” asks another fan. “Someone [needs to] step in and help her.” The 5-foot-3 star famously lost 100 pounds following the birth of her daughter, Birdie, now 3. “But she continues to lose more and more weight, and it’s alarming,” says the source. Jessica’s longtime trainer Harley Pasternak, author of *The Body Reset Diet*, insists Jessica dropped the weight — and keeps it off — the healthy way. “My mantra is you get lean in life and strong in the gym,” he says. “So the majority of the weight loss actually came from everything she did outside of the gym [as far as being active], and then everything in the gym is about toning and tightening.”

GUESS WHO?!

This newish reality star – he married into fame – has an ugly past that, if it comes out, could spell the end of his fairy-tale marriage. Turns out he's a scam artist, and his mob connections are very real. But it's sex with an underage fast-food worker that will ruin him and break his wife's famous heart.

CHER'S FAMILY: DON'T DO IT!

"There are no words," gushed Cher, as she showed off the diamond sparkler her boyfriend, Alexander "AE" Edwards, gave her for Christmas. But don't pop the champagne just yet! Sources tell *In Touch* the 76-year-old singer's family, including sons Elijah Blue and Chaz Bono, are worried that AE, 36, is taking the Goddess of Pop for a ride. "They found the whole thing bizarre in the extreme when it first started, but they bit their tongue and assumed it would peter out once their mom woke up or got bored," says a source. "Now it's apparent that AE isn't going anywhere, and they don't want Cher to get her heart broken."

HOUSEWIFE JEN SHAH SENTENCED TO 6.5 YEARS!

Real Housewives of Salt Lake City's Jen Shah got a big reality check on Jan. 6. The 49-year-old was sentenced to 6.5 years in prison for running a nationwide telemarketing fraud scheme. The ploy involved taking thousands of dollars from elderly and vulnerable people, the Justice Department said. "Jen is devastated and scared," a source tells *In Touch*. "The court didn't show any mercy, even though she showed that she deeply regrets the mistakes she's made." District Judge Sidney H. Stein also ordered the Housewife to pay more than \$6.6 million in restitution and to forfeit \$6.5 million, 30 luxury items and 78 counterfeit luxury items.

DOES VANITY RUN IN THE FAMILY? **KRIS JENNER** AND HER DAUGHTERS DESPERATELY TRY TO ACHIEVE FLAWLESS BEAUTY

Fans were stunned. On Dec. 24, North West, 9, posted a TikTok video of herself lip-syncing a holiday song with mom Kim Kardashian. But the reality TV star looked like a different person. Though Kim was wearing makeup, instead of sporting her usual long, sleek extensions, her freshly washed natural hair was visible — revealing short, thin, dry and damaged strands limply hanging from her head. “Angel hair

pasta,” read one critical comment. “Fried” and “2 strands,” read others. Another TikTok user explained that that’s what happens after “years of extensions and bleach.”

Vanity apparently comes with a price. For most of the Kardashian and Jenner women, what’s real is often so plumped, nipped, tucked, lasered, hidden or filtered, it’s tough to know what they really look like. Kim, 42, sisters Khloé Kardashian, 38, and

Kylie Jenner, 25, and mom Kris Jenner, 67, “never want you to see them without their makeup. If they’re not in full-face glam, don’t even think about photographing them,” says an insider. “It’s gotten so bad that they’ve added that into the nondisclosure agreements for their employees — no pics of the family without makeup!” Few people have laid eyes on the real Kim, Khloé, Kylie and Kris, but “former staffers have said they all look

& Nonstop Nip/Tucks

like zombies when they wake up in the morning,” says the insider. “The damaged skin, collapsed noses, wonky eyes, disappearing hair...it’s shocking. Vanity has destroyed them.”

THE UNEDITED TRUTH

Khloé made headlines in 2021 after a particularly unflattering, unfiltered photo of herself surfaced online. “She went ballistic over it,” the insider says of the image, which an assistant accidentally shared on a private account. Even though gym-honed Khloé —

who’s lost more than 40 pounds over the years — looked incredible, “she freaked out and demanded it be removed and not run in any magazine, especially since for years she was bullied as the ‘ugly’ and ‘fat’ sister.”

Critics branded Khloé a body-positivity hypocrite as the drama unfolded, thanks to her extreme reaction. “It was as if a family disaster had occurred,” says the insider. “Everyone was mortified by the unfiltered photo getting out. Khloé vowed that would never happen again.” Ever since, adds

the insider, “Khloé has become even more obsessed with controlling her image, which looks nothing like the real Khloé.”

A few months after the bikini photo debacle, Khloé finally admitted she’d had a nose job. She also copped to getting “injections” and Botox, though she has said she had a bad reaction to the latter. According to Khloé, the “pressure, constant ridicule and judgment my entire life to be perfect and to meet others’ standards of how I should look has been too much to

bear. If you hear anything enough, then you start to believe it.”

CONSTANT TWEAKS

Kim and Kylie are just as obsessed with changing their looks. After initially lying about getting lip injections as a teen, Kylie finally copped to it, then turned her obsession into a business idea, making millions off of her Kylie Cosmetics lips kits and keeping her naturally thin pout over-plumped ever since. In December, Kim opened up about having work done in the name of research while formulating her SKKN skincare line, revealing she’s visited the best facialists and aestheticians and experimented with “every laser” in her quest to look perfect, admitting, “I’ve tried everything.”

Manipulating their appearance is a part of daily life. “Khloé’s nose job and weight struggles, Kim’s ever-changing features, the extreme procedures they’ve done, Kylie’s thin lips, Kris’ constant struggle to stop Mother Nature with her weekly treatments... they’re all insecure and will do whatever it takes to look drastically thinner, prettier and younger,” says the insider. “What they can’t see is that they’re beautiful without all of the smoke and mirrors.”

THEY’RE NOT DONE

Kris is unapologetic about going under the knife. She had a face- and neck-lift in 2011 (“Kim used to call me gobble-gobble,” the momager said of one reason she had the surgery) and later admitted to having Botox, fillers, laser treatments and at least two breast augmentations. “I’d love to have my boobs redone, I mean, who wouldn’t?” Kris said on *The Kardashians* in 2022 as she recovered from hip-replacement surgery, leading Khloé to admit that she was “really contemplating getting my boobs done” and how it was “something I think about all the time,” to which Kris replied, “Oh, let’s do it together! Is that weird? Mother-daughter boob jobs?” Nothing is too much for Kris, who “spends three hours a day getting ready,” says the insider.

Despite how much they’ve already changed their appearance in pursuit of perfection, the Kardashians have no intention of stopping now. The cost of all the work so far “is astonishing. I’d say they’ve easily spent \$15 million on surgeries, fillers and other procedures,” says the insider. “And they’re not done. They’ll never be satisfied.” ■

THEY DON’T HIDE THEIR VANITY

KHLOÉ CONFIRMS NOSE JOB

After years of speculation, Khloé in 2021 confirmed she had a rhinoplasty. She later confirmed she did it in 2019 right before daughter True Thompson’s first birthday.

KIM GETS VAMPIRE FACIAL

In 2013, Kim was one of the first stars to post a photo of herself getting a “vampire facial” — microdermabrasion followed by a mask of platelet-rich plasma extracted from her own blood.

KOURTNEY APPLIES THREE MASKS

As part of her self-care-Sunday wellness routine, Kourtney Kardashian uses three different masks to give herself a facial, then uses a derma roller on her skin and applies a hydrating serum.

KRIS FILMS FACE-LIFT

The momager saw plastic surgeon Garth Fisher for a face- and neck-lift in 2011 so she would look good for Kim’s second wedding after her daughter criticized her “turkey neck.”

EVEN CAITLYN IS VAIN!

Long before undergoing a 10-hour facial feminization surgery in 2015 as she transitioned into a woman, Caitlyn had a nose job and a partial face-lift in the late ’80s followed by a corrective face-lift in 2009.

Top 10 Bombshells From Harry's Book

As if there were any bridges left to burn with the royal family!
Prince Harry sets everything on fire with his explosive new memoir

10. WILLIAM ATTACKED HIM

One of the most shocking revelations from Harry's memoir, *Spare*, is about how much animosity there is between the brothers, who call each other "Willy" and "Harold." Harry, 38, claims his "archnemesis," Prince William, shunned him at school, mocked his panic attacks, discouraged him from dating Meghan, and was bitterly jealous when Harry got the queen's permission to wear both a beard and his preferred uniform at his wedding (which William was denied). The tension boiled over in a 2019 fight when they traded insults after William, 40, called Meghan "difficult," "rude" and "abrasive," alleges Harry. "It all happened so fast. He grabbed me by the collar, ripping my necklace, and he knocked me to the floor. I landed on the dog's bowl, which cracked under my back, the pieces cutting into me. I lay there for a moment, dazed, then got to my feet and told him to get out." Though William apologized, Harry writes, his brother later claimed he didn't attack him. Harry admits that Charles begged his sons not "to make my final years a misery" and call a truce. But the bombshell tell-all, says a source, "is the ultimate betrayal. The trust between the brothers is completely broken."

9. KATE HAD 'BABY BRAIN'

William "recoiled" when Meghan tried to hug him at their first introduction – an early sign of the culture clash between the upper-crust Brits and the California actress. Harry writes of how Kate Middleton, 41, "grimaced" when Meghan, 41, once asked to borrow her lip gloss, and how Kate sent demanding texts about Princess Charlotte's ill-fitting bridesmaid dress, which infamously reduced Meghan to tears. In 2018, the "Fab Four" tried to clear the air, but the meeting soon devolved into arguments. Kate called out Meghan for hurting her feelings by joking about her "baby brain," telling her, "We're not close enough for you to talk about my hormones," Harry writes. When Meghan apologized, saying that's just how she talked with her friends, William pointed a finger at her and said, "It's rude, Meghan. It's not what's done here in Britain."

8. WILLIAM & HARRY DON'T LIKE CAMILLA

Harry writes that he and William had always "sensed the presence of the Other Woman," Camilla, 75, and later urged their father, 74, not to marry her. Harry writes that his stepmother turned his bedroom at Clarence House into a dressing room ("I tried not to care. But especially the first time I saw it, I cared") and allowed her "spin doctor" to plant stories about the brothers to improve her own image: "She sacrificed me on her personal PR altar."

5. KATE & WILLIAM WERE *SUITS* FANS!

When he told his brother and sister-in-law that his new girlfriend starred on *Suits*, they confessed they watched the show religiously. "Great, I thought, laughing," Harry writes. "All this time I'd thought Willy and Kate might not welcome Meg into the family, but now I had to worry about them hounding her for an autograph." Harry also admits he regrets watching Meghan's love scenes, and writes that palace publicists pestered the show's writers "to change lines of dialogue, what her character would do, how she would act."

4. HARRY DID COCAINE

Not only was he caught smoking marijuana as a teen (and he claims

Camilla's publicist conspired with reporters to break the story and portray Charles as a good father),

Harry admits to doing cocaine: "It didn't make me particularly happy, as it seemed to make everyone around me, but it did make me feel different, and that was the main goal."

3. HE DOUBTED DI'S DEATH

Harry writes that he initially thought his mother, Princess Diana, faked her 1997 death for years, and that both he and William felt compelled to visit the site of her fatal car crash in Paris. Neither believed the final reports about her death.

7. THE QUEEN'S AIDES LIED TO HER

Harry dubs the late Queen Elizabeth II's middle-aged male courtiers "The Bee," "The Wasp," and "The Fly," and claims they often blocked him from seeing his granny and even lied to her face. He also calls her longtime dresser, Angela Kelly, "obstructive." He accuses them all of being in league with the British press.

2. HIS DAD JOKED ABOUT HIS PATERNITY

Not only did Charles dub him "the Spare" at birth, Harry claims, but he also joked, "'Who knows if I'm even your real father?' He'd laugh and laugh, though it was remarkably unfunny, given the rumor circulating just then that my actual father was one of Mummy's former lovers: Major James Hewitt."

6. KATE & WILLIAM APPROVED OF HIS NAZI COSTUME

Harry claims Kate and William encouraged him to wear the Nazi costume to a 2005 party that made headlines: "I rented it and tried it all on. They both howled."

1. HE HAD 25 KILLS IN AFGHANISTAN

While serving in Afghanistan from 2012 to 2013, Harry claims he killed 25 Taliban militants, comparing them to "chess pieces taken off the board." His description drew criticism from both British military figures and Afghan officials, both of whom deemed Harry's disclosure as crass and disrespectful.

On Being a Working Mom

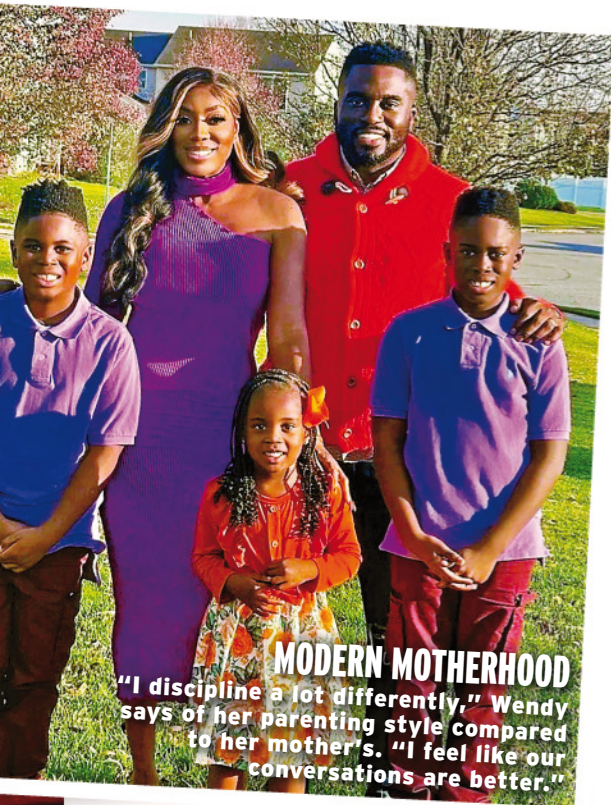

IT'S THE BIGGEST STRUGGLE OF MY LIFE

The RHOP star, professor and mom of three embraces the challenge of juggling everything

The Real Housewives of Potomac's Dr. Wendy Osefo wears many hats. She's a college professor, a political commentator, a reality star and a mom of three. (She shares sons Karter, 9, and Kruz, 7, and daughter Kamrynn, 3, with her attorney husband of 11 years, Eddie.) She also recently added author to her extensive résumé with her memoir, *Tears of My Mother: The Legacy of My Nigerian Upbringing*, which is on sale now. "It's not easy," the 38-year-old says of balancing her busy career with motherhood. "Being a working mom is the biggest struggle of my life. Women can have it all, but we can't have it all at one time." Here, Wendy talks to In Touch's Katie Bruno about making sacrifices, the latest on RHOP and her secret talent.

Do you have any advice to other working moms searching for balance?

WO: You have to be OK knowing there will be days when you're not killing it in one area. Today, I had to film, so I couldn't cook my kids breakfast or drop them at school. On the flip side, back in the fall, I opted out of some New York Fashion Week obligations and stayed home to snuggle with my kids.

MODERN MOTHERHOOD

"I discipline a lot differently," Wendy says of her parenting style compared to her mother's. "I feel like our conversations are better."

You open up about parenting and your childhood in your book. Why write it?

WO: In order for me to reconcile what motherhood means and what it looks like for me, I had to go back to a place and time where I was a child and being mothered. It was very cathartic and therapeutic.

You talk about your parents pressuring you into your career. Are you taking a similar approach with your kids?

WO: We want them to be successful, but we don't want to dictate what path they take. We want them to explore and do what they want to do.

How has your life changed since being on reality TV?

WO: I was the first Nigerian Housewife in Bravo TV history, and I've had people telling me they learned so much about Nigerian culture. There's power in imagery, and I'm very aware of that.

What are your thoughts on the current season of RHOP?

WO: It's our best yet. Everyone brings it, and we keep viewers on their toes!

With everything going on, how do you and Eddie stay connected?

WO: I'm glad that I'm married to someone who also has a very demanding career — we support each other as we try to obtain our goals. We also do date nights, and we travel with and without the kids.

You were open about getting a breast augmentation and a butt lift. Why?

WO: When you're on TV, people see what you look like, but no one tells the truth about how they look like that. It's important for career women to be OK with wanting to be smart and successful and also sexy.

What career could you have tried?

WO: A casting agent once stopped me on the street and said I'd be great for a part in a movie they were filming with Queen Latifah. In elementary school, I wanted to be a clown. My mom laughed at me, but I would have made a great clown — my friends think I'm hilarious! ■

ON A LIGHTER NOTE...

Wendy answers our burning questions!

FAVORITE BOARD GAME?

Monopoly

WHAT WAS THE LAST SPLURGE PURCHASE YOU MADE?

I just got the brand-new 2023 Range Rover.

DO YOU HAVE A CELEBRITY CRUSH?

It's funny because in the season, I call my husband Idris Elba, so I feel like that would be my celebrity crush!

WHAT IS SOMETHING ABOUT YOU THAT PEOPLE WOULD BE SURPRISED TO LEARN?

I'm really, really good at Jeopardy! If you're on a show and need to phone a friend for trivia, I'm the friend you phone. I know a bunch of useless information.
